Letter to the File

Commissioner for Patents
Washington, DC

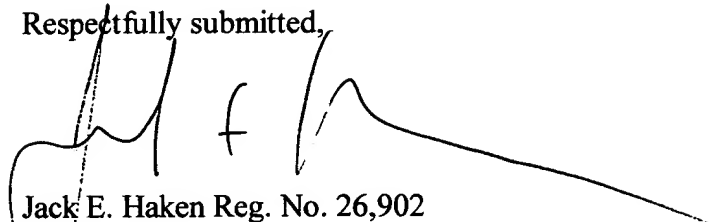

Sir:

The purpose of this letter is to document a telephone conversation between the undersigned attorney and Examiner Mylinh T. Tran on October 31, 2003

The undersigned stated his belief that: 1) the Examiner's Advisory Action (Form PTOL-303) of October 28, 2003 was inappropriate inasmuch as the previous office action in this case, mailed August 28, 2003, was non-final and stated a new ground of rejection; and 2) that applicant was entitled as a matter of right to entry and examination of the amendment filed September 29, 2003 in response to the non-final office action. It appeared to the undersigned that the Examiner had acted in the mistaken belief that a final rejection had already been made in this case.

Examiner Tran stated that she would order the case file and reply by telephone to the undersigned.

Respectfully submitted,

A handwritten signature in black ink, appearing to read 'J E H', with a long horizontal line extending to the right.
